Congratulations to our 2022 Seniors!

Class of 2022 SENIOR SPOTLIGHT *Ally Bartels*

Graduating from: Greeley West High School

How long have I been dancing at NCADA? 12 years

Plans for next year: I will be attending Colorado State University to study Business.

What I love about dance: I love how expressive dance is and the fact that it can be both individual and collaborative. My favorite part of dance has always been recital because I love performing and being on stage. I loved growing up at NCADA because of the amazing people and support system that I have at the studio.

I am graduating from Frontier Academy. I have been dancing at NCADA for 7 years. Next year I plan to attend the University of Alabama and major in business pre-law. I love how big of an emotional outlet dance has been for me through the years. Dance has also taught me so many life skills I will use in the future and I would not be the person I am today without it.

Class of 2022 SENIOR SPOTLIGHT *Kaitlyn Walsh*

I am graduating from Eaton High School.

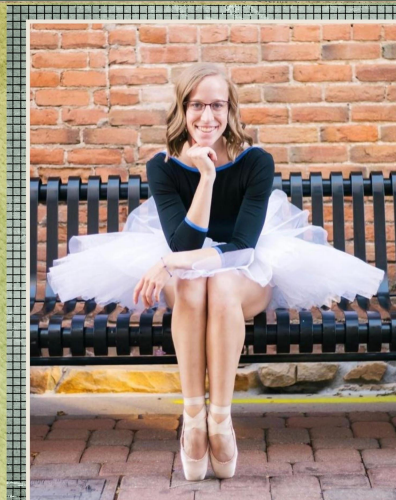

I plan to study Early Childhood Education at Colorado State University or University of Northern Colorado in the fall. After graduating, I hope to become a preschool teacher.

I have been dancing at NCADA for 5 years, but have been dancing since I was 10 years old.

I love the relationships that you build through dance. You create friendships with people and share the same passion as them. Together, you all create a beautiful work of art and inspire others. It is such a great feeling to be doing something that you love with people that you love.

Class of 2022 SENIOR SPOTLIGHT *Lyndsay Walsh*

I am graduating from Eaton High School.

I plan to attend CSU to earn my Early Childhood Education degree to become an elementary teacher.

I have been dancing at NCADA for 5 years.

I love dance because there is never a dull moment. There is always something to work on and plans to look forward to. The excitement of challenging myself everyday to become a better dancer is what I love most!
